

YOUR ACCOUNT SUMMARY PAGE

Account type (1)

Appearing at the top of your statement, this information refers to the given RBC Dominion Securities account name and number.

Your advisory team (2)

These are your points of contact should you have any questions.

For your information (3)

We use this section to remind you of upcoming events, financial news and other items of interest.

Account details (4)

This section contains a spousal RSP indicator as well as your beneficiary information. If you have a spousal registered account, your statement will identify the spousal account at the top right-hand corner of the statement.

If you have designated a beneficiary for your registered account, you will see the beneficiary listed on the top right-hand side of your statement.

In the event you have more than two beneficiaries designated, you will see "Multiple" on your statement. If no beneficiaries are designated, the default message will read "Not on File – Please contact your Investment Advisor." Please note that due to regulatory reasons, this change is not applicable to Quebec-based residents.

Asset summary (5)

You will get a snapshot of the value of your total portfolio and the percentage of your portfolio that each security type represents.

Income summary (6)

This section shows you the totals for interest, dividends and other income processed through your account for the current month and calendar year to date. Other income includes distributions from managed investments such as mutual funds, pooled funds and segregated funds, as well as income from other investments such as Income Trusts, Royalty Trusts and Real Estate Investment Trusts (REITs).

Cash balance (7)

This section lists the opening and closing cash balances by account type.

Contribution summary* (8)

This section shows contributions to this account within the first 60 days (and therefore applicable to the previous tax year) and for the balance of the year (applicable to the current tax year).

*This information will only appear on registered account statements.

YOUR ACCOUNT ACTIVITY PAGE(S)

Asset review (1)

The portfolio summary section shows:

- > The quantity of a security
- > The current market price of your securities
- > The current market value of your securities

Foreign exchange rates (2)

The exchange rate used to convert U.S. dollar denominated assets held in your Canadian Dollar Account (these include all your Registered Account Statements which are always in Canadian dollars) appears on your statement when there are security positions in your account.

Book value (3)

“Book value” is the average purchase price of securities, adjusted by transactions such as returns of capital (generally reducing book value) and dividend re-investments (generally increasing book value). Please note that we do not report Adjusted Cost Base (ACB), which is the official tax value of your holdings, as you may hold the same securities with other financial institutions and those securities’ costs must be included to calculate an accurate ACB. We are also unable to report “originating value” (the aggregate cash cost of an investment). Your Investment Advisor can explain the differences between book value, originating value and ACB.

Yield to maturity (4)

This shows you the rate of return on an interest-bearing investment if you hold it to maturity, and takes into account:

- > Purchase price
- > Coupon rate
- > Value at maturity

Accrued interest included in market value (5)

All fixed-income securities (except Monthly Pay Bonds) include accrued interest in the market value. This will be indicated by a superscript (5).

Account activity (6)

This section allows you to follow the activity in your account over the past month. You will see:

- > A chronological listing of activity dates

- > A complete description of the activity
- > The quantity and price of the security involved in the activity
- > The debit/credit effect that activity had on your account

Open orders (7)

This section will help you remember your open orders. It clearly shows all the transactions that have not yet been completed because the current market price does not match the price you want to pay or receive. If and

when the prices match, the order will be filled and the transaction will appear in the Account Activity section of the applicable monthly statement.

Trades for future settlement (8)

Here’s where you can see those orders that have been executed, but not settled during the statement period. These transactions will appear in your next statement in the Account Activity section.

If you have any questions regarding your statement, please speak with your advisor.

YOUR PORTFOLIO REVIEW STATEMENT

Investment return (1)

The total investment return on your portfolio, in dollars, over various time periods.

Interest (2)

Payments from such investments as bonds, debentures, GICs, term deposits and cash balances.

Dividends (3)

Paid from common and preferred shares.

Managed fund distributions (4)

From managed investments such as mutual funds, pooled funds and segregated funds.

Other distributions (5)

Paid to you from other investments, such as Income Trusts, Royalty Trusts and Real Estate Investment Trusts (REITs).

Change in market value (6)

The change in what your securities, including cash balances, are worth on the open market over specified time periods.

Total investment return (7)

Calculated after management fees and commissions.

Capital review (8)

This section summarizes how the value of your portfolio has changed over various time periods.

Beginning portfolio value (9)

The market value of your portfolio, including accrued interest, at the beginning of each specified period of time.

Deposits (10)

The value of all cash and/or securities deposited to your portfolio.
