myGPS™ - your Goals, Priorities, Solutions

Have you ever wondered what your financial future looks like?

Most in the field of personal finance agree that financial planning is an essential part of keeping your finances on track. For many people, though, a full financial plan can be expensive, time-consuming to prepare, and generate complicated output not appropriate in all situations. Wouldn't it be nice if there were a simpler way to get a holistic view of your changing wealth management needs and track progress towards meeting your future financial goals?

Wondering what your future looks like? myGPS™ provides an overview of your financial picture and how you are tracking to your short-term and long-term goals.

Introducing RBC Wealth Management's myGPS™

myGPS™ offers a prioritized view of your financial goals and recommends solutions to help achieve your wealth management needs.

- **Goals:** A wealth planning solution to identify and report on your goals
- **Priorities:** An integrated approach that pulls everything financially important into one place, enabling you to define and prioritize your milestones
- **Solutions:** An advice approach that helps identify opportunities and solutions on how to pursue those opportunities

myGPS™ isn't a financial plan. Rather, it is a report on things you already know (for example, your income, the equity in your house, the current value of your investments, and your annual taxes and expenses) projected into the future based on a set of assumptions about what may happen in the future (for example, the expected average rate of inflation, your long term goals and how much you intend to spend in retirement).

4. How does changing my financial assumptions impact my future financial situation?

Retirement Analysis – It’s impossible to know for certain what will happen tomorrow. What if, for example, you were forced to retire early? Or perhaps you end up spending more in retirement. The myGPS™ Retirement Analysis allows you to independently change the assumptions you have made about the future to see how that change will affect your overall finances.
