RBC Wealth Management Online

Questions? We're here to help – contact our Helpdesk at 1-888-820-8006, or contact your Investment Advisor team.

Enrol in four easy steps with your temporary password

Safely access the information you want about your accounts. It's easy – and we're here to help whenever you need it.

1. Go to www.rbc.com and click on "Sign in" (top right corner).
2. On the sign-in page, enter your client card number and temporary password, then click "Sign In."

Your password is valid for 48 hours after you receive it. If you need a new temporary password, please contact the Helpdesk at 1-888-820-8006 or contact your Investment Advisor team.

Don't know your client card number? Contact your Investment Advisor team – they can help.

The screenshot shows the 'Sign in to RBC Dominion Securities' page. It features a 'Client card number' dropdown menu with a 'Remove selected client card number' link below it. There is a 'Password' input field with a 'Forgot password?' link underneath. A blue 'Sign in' button is centered below the fields. At the bottom of the page, there are links for 'Enrol for online access' and 'Help'.

3. Create your confidential password.

The screenshot shows a web form titled "Create new password". It contains two text input fields: "Password" and "Re-enter New Password". Below the fields are two buttons: "Sign out" and "Continue".

4. Set up Personal Verification Questions for added protection.

The screenshot shows a web form titled "Enrol for online access". At the top, there is a progress bar with three steps: "Identification", "Password creation", and "Personal Verification Questions setup". The "Personal Verification Questions setup" step is currently active. Below the progress bar, there is a heading "Why do I need personal verification questions?". The form contains three question sets. Each set includes a "Question" dropdown menu (with "Select a question" as the placeholder), an "Answer" field (with "4-20 characters" as a hint), and a "Set Questions" button. There is also a "Cancel" button at the bottom left.

Once you complete the Personal Verification Question setup, you'll receive confirmation. After you click "Continue" you will be brought back to the Sign In page where you can sign in with your new password.

For additional security we will occasionally ask you to answer a Personal Verification Question when you sign in, especially if you're signing in from a computer you don't normally use or if you need to reset your password.

That's it – you're all set

Now you can safely view your account information, send and receive secure messages from us, make real-time fund transfers, view RBC reports, and much more. If you are an RBC Royal Bank client, you can also access RBC Wealth Management Online through RBC Online Banking – simply contact us to set that up.
