**April 30, 2024** – last day to file your 2023 tax return without penalty

**June 17, 2024** – last day to file your 2023 tax return without penalty if you are self-employed

## Access your tax slips online

## T5 tax package – outstanding tax documents

We issue several tax slips and supporting documents to assist you in preparing your tax return. It is important to ensure that you have all of your slips before you file your tax return. Please review the two handy checklists in the cover letter of your T5 tax package: “Outstanding tax documents you may receive from our firm” and “Outstanding tax documents you may receive from third parties.”

## Multiple account holders/estates

**Joint accounts:** Although tax slips for joint accounts are issued in the name of two (or more) individuals, Canada Revenue Agency (CRA) only requires one Social Insurance Number (SIN) be included on the tax slip. Therefore, only the primary account holder’s SIN will be displayed on your tax slip.

**Estate accounts:** According to CRA, there is no requirement to produce a T5 slip to show income earned before and after the date of death. It is the responsibility of the beneficial owners or the estate's executor to report the appropriate share of income in the tax return of the deceased individual.

### Residency changes

If you moved to or from a different country in the tax year, it is up to you to claim back any tax withheld, as CRA does not refund the funds to RBC once they have been paid. In addition, CRA does not accept amendments to or cancellations of NR4s once they have been issued.

### Non-resident tax on Canadian income trust units and split-share corporations

The taxable breakdown for income trust units and split-share corporations is not available until after the calendar year is complete. Therefore, non-resident accounts are not charged non-resident tax when distributions are made during the year, but rather a one-time charge for the full year is generated once the taxable nature of the trust's distributions is determined. Any applicable charges will be processed in April 2024 and reflected in your statements.

### Return of capital

Return of capital adjustments will be processed in your accounts for income trusts, limited partnership units and split-share corporations in April 2024, and will be reflected in your statements.

Note: Return of capital adjustments need to be factored into determining

your adjusted cost base and calculating any gains/losses.

### Foreign spin-offs

For Canadian tax purposes, the fair market value of foreign spin-off shares received by a Canadian resident in a non-registered account is considered to be a taxable foreign dividend and must be reported to CRA on your tax return.

Legislation allows you to use an alternative tax treatment for eligible foreign spin-offs if certain criteria and time limits are met and an election is filed with your tax return. RBC Dominion Securities is still required to report the full fair market value of the spin-off on the T5 slip.

The book value shown on your statement for a foreign spin-off share will be the taxable foreign dividend amount. The book value of the parent company shares will remain unchanged.

### Dates for T3/RL-16 and T5013/RL-15 tax packages

Delivery of T3/RL-16 and T5013/RL-15 packages depends on when information is provided to us by external issuers. The CRA reporting deadline for issuers to provide their tax information to financial intermediaries (such as RBC Dominion Securities) for tax receipt preparation is March 31. Some external issuers, such as mutual fund companies, mail tax slips directly to you.

Note: You may receive tax packages in April due to late disclosures and amendments by some income trusts and limited partnership units. Please do not file your tax return before receiving all required slips.

### Registered Retirement Savings Plan (RRSP) contribution receipts

RRSP contribution receipts are delivered online or by mail throughout the tax season to capture all contributions made between March 2, 2023 and February 29, 2024.

### Tax-Free Savings Account (TFSA)

In any calendar year, your total TFSA contributions cannot exceed your contribution room. If you withdrew funds from your TFSA in 2023, that amount will be added to your contribution room for 2024.

### First Home Savings Account (FHSA)

A T4FHSA/RL-32 tax slip will be issued based on various transactions – qualifying or taxable withdrawals, beneficiary distributions received, amounts deemed received on cessation, transfer activities, designated withdrawals, contributions. There is a lifetime contribution limit of \$40,000, with an annual contribution limit of \$8,000.

### Non-Qualified Investments in a registered plan

There are significant, punitive tax liabilities for holding a Non-Qualified Investment (NQI) in your registered plan. If this applies to you, a letter detailing any NQI assets and the corresponding values will be mailed to you in February 2024 to help you file with CRA. Depending on your situation, you may wish to consider taking action on any NQIs in your registered plan to minimize potential tax penalties. Please consult with a qualified tax advisor prior to taking action.

### Foreign currency tax slips

If you receive a tax slip in a foreign currency, you will need to convert the amounts to Canadian dollars. The table to the right shows the average annual exchange rates for various currencies that can be used for your reference.
