"One day Son all this will be yours."

It's Never Too Early to start your Estate Planning.

Estate planning is an essential part of wealth management, particularly if your estate involves significant assets or complex issues. When properly structured, an estate plan can reduce the taxes and expenses of your estate, simplify and speed the transition of assets to the next generation and ensure that your beneficiaries are protected.

Creating an estate plan does not necessarily require a substantial commitment of time or money. We have a team of several professionals, including will and estate planning specialists, a business owner planning specialist, a financial planner and a trust specialist that will work alongside your personal accountant and lawyer to help find the estate plan that is right for you. Please contact us for more information or to book your complimentary consultation.

Dad Jokes

THEY'RE SO BAD
THEY'RE ACTUALLY FUNNY!

Son: "Is this insecticide good for mosquitos?"

Dad: "Not at all, it kills them!"

Daughter "I'll call you later!"

Dad: "Please don't do that. I've always asked you to call me Dad!"

Daughter: "How do I look, daddy?!"

Dad: "With your eyes, sweetheart."

Dad: Would you like to hear a construction joke?

[Yes]

Dad: Well I'm still working on it.

Daughter: "Are you alright dad?"

Dad: "Actually, technically, I'm half left and half right."

Son: "Yo Dad, what's up?"

Dad: "The ceiling."
