Don't get interrupted.... get online help today!

With Canada Post suggesting a strike, it has us a little worried about the impact it could have. Often the assumption is that online banking and e-statements can be somewhat unsecure or not confidential. On the contrary...Actually unlike paper documents, which can be lost or damaged in the mail (or effected by undelivery) your edocuments are protected by a secure password and the latest encryption protection.

Don't know how to get online....Give us a call. Jessica will walk you through the process step by step and show you some of the security features. (403) 317-4316.

Please also have a look at our second page as it is jammed full of fraud prevention tips and methods to stay safe online and not become a victim of fraud.

Farmers Creed

I believe a man's greatest possession is his dignity and that no calling bestows this more abundantly than farming.

I believe hard work and honest sweat are the building blocks of a person's character.

I believe that farming, despite hardships and disappointments, is the most honest and honorable way a man can spend his days on this earth.

I believe farming nurtures the close family ties that make life rich in many ways that money can't buy.

I believe my children are learning values that will last a lifetime and can be learned in no other way.

I believe farming provides education for life that no other occupation teaches so much about birth, growth, and maturity in such a variety of ways.

I believe many of the best things in life are indeed free: the splendor of a sunrise, the rapture of wide open spaces, the exhilarating sight of your land greening each spring.

I believe that true happiness comes from watching your crops ripen in the field, your children grow tall in the sun, your whole family feel the pride that springs from their shared experience.

I believe that by my toil I am giving more to the world than I am taking from it, an honor that does not come to all men.

I believe that my life will be measured ultimately by what I have done for my fellowman, and by this standard I fear no judgement.

I believe when a man grows old and sums up his days, he should be able to stand tall and feel pride in the life he's lived.

I believe in farming because it makes all this possible.
