

Unlocking the power of options

An alternative hedging strategy for grain elevators

Hosted by The Simpson/Caputo Group of RBC Dominion Securities

The Simpson/Caputo Group of RBC Dominion Securities works with cash crop farmers, livestock producers, grain elevators and importers/exporters and shows them how futures and futures options can be used to their advantage.

By attending this seminar, you will learn:

- How options work
- How to collect premiums by selling options
- How to lower your premium paid by using option spreads
- How to use hedging strategies that combine short calls/puts with futures

Friday,
February 9, 2018

3:00 p.m. EST
