Please sign in 5-10 min prior to event.

Your host:

Rhonda Hymers, FEA, CIWM, CIM, FCSI
Vice-President & Director,
Portfolio Manager & Wealth Advisor

Our guest speaker:

Karim Hamasni

Director, Crypto Asset Innovation, RBC Global Asset Management

Karim prides himself on being a “geek” that fully immerses himself in the latest technologies. He joined RBC in January of 2016 after winning two RBC sponsored Hackathon competitions, which landed him a role in Wealth Management Technology & Services. Karim has been interested in cryptocurrency and blockchain technologies since 2013 and once ran a small “mining” operation. In his current role, he is developing an innovative crypto-asset project for RBC Global Asset Management.

Please feel free to invite your family and friends to this event.
We look forward to welcoming you.
