There's Wealth in Our Approach.™

# THE PRECIOUS METALS BULLION PROGRAM

- Throughout history, precious metals like gold have been a “safe haven” for wealth. Today, as investors are using gold to diversify their assets and reduce risk, gold becomes the asset of choice.
- With the **Precious Metals Bullion Program** offered through RBC Dominion Securities, you can hold gold, silver and platinum bullion as an asset in your RBC Dominion Securities investment account.
- Physically store the bullion with RBC Royal Bank in custody with the Royal Canadian Mint for even greater peace of mind, through a custody process that is simple and cost efficient.

# RBC DS PROGRAM OVERVIEW

---

## THE CONVENIENT WAY TO INVEST IN BULLION

- **Hold Directly:** Invest in physical gold, silver and platinum directly in your RBC Dominion Securities account.
- **Choice:** Choose from some of the world's best-selling physical precious metal products from the Royal Canadian Mint.
- **Easy Access to Cash Value:** A highly liquid asset, precious metals can be sold quickly when it is within the chain of custody, with a two-day settlement process.
- **Competitive Loans:** If you wish to retain your precious metals, we can arrange a competitive loan or margin against your precious metal assets, when they are held in custody with RBC.

# STORAGE

---

The Precious Metals Bullion Program includes storage of the physical precious metals with Royal Canadian Mint at very competitive rates negotiated through RBC. RBC Royal Bank of Canada will act as the primary custodian and will sub-custody storage to the Royal Canadian Mint (RCM). The bullion is stored in custody with RCM in the name of Royal Bank of Canada, sub account for DS as omnibus account holder.

## **STORAGE FACILITY AT ROYAL CANADIAN MINT WITH INCLUDED BENEFITS:**

- Secure facilities and strong product protection (RCM is a Crown Corporation owned 100% by the Government of Canada)
- Strong chain of custody
- Assets are insured (ounce for ounce)
- Backed by the Government of Canada
- Guaranteed purity and weight
- Competitive storage pricing
